**Letter of Recommendation for Matthew Armstrong**

Matthew Armstrong has been an excellent student and therefore, I highly recommend Matthew for your organization.

Throughout the past three years, Matthew Armstrong has consistently shown a strong desire to learn and succeed. He has consistently exceeded in all areas of his coursework, including the ability to communicate and give presentations with confidence and apply critical thinking skills to various business areas. Beyond his studies, he has proven to be a dynamic leader within, but not limited to, our School of Business and Management, the collegiate cycling team, and most recently, in our greater community.

Matthew Armstrong exemplifies the student that any Dean would wish to have in their program. He is driven, personable, outgoing, organized, and eager to continue bettering himself. Matthew's work ethic is unlike most college students. He brings so many strengths to a job or class yet is always aware that he has much to learn. The internship that Matthew was completed provided him the opportunity to network with fortune 500 leaders, create sales pitches and marketing campaigns for his international real estate office, and participate in closing million-dollar deals.

Matthew Armstrong is soon to be a graduate that represents LMC well and can do the same for your organization. Like most young professionals, Matthew still has growth and development ahead of him. However, it has been exciting to watch how he has grown each semester and taken on all challenges in his career and academic development. He is a driven and career-minded young professional. Please note that I do not say that lightly. He is exceptional and continuing his education will further his confidence in attaining his career goals.

Matthew Armstrong continues to impress me with his knowledge, skill, and dedication to his work. I am sure you will find him to be a student whose talents will only shine further through your graduate program. I hope that you will grant Matthew Armstrong admission to your university. Feel free to contact me if you require further information.

Sincerely,

**Amy Anderson, M.B.A.**
